In accordance with 37 CFR §1.97, we hereby submit these publications for the Examiner's consideration during the prosecution of this application, and request that these publications be considered and made of record therein.

The Examiner has fully considered the previously submitted Information Disclosure Statement of April 18, 2005, except for items B10, B13, C4 C5, C11, C13, C18, C19 and C20, and U.S. Patent No. 5,515,111. Applicants request the Examiner to consider these items during the prosecution of this application, and to make these items of record therein.

In the Office Action dated June 16, 2006, the Examiner indicates that item C11 was illegible. Applicants have searched several sources, including the publisher of the publication, and have been unable to obtain another copy of the publication. Applicants enclose the best available copy of this publication. Although the enclosed copy contains some copying artifacts, Applicants submit the text of the publication is legible. Applicants kindly request the Examiner to consider this publication during the prosecution of this application, and to make this item of record therein.

This Information Disclosure Statement is filed more than three months after the U.S. filing date, OR more than three months after the date of entry of the national stage of a PCT application, AND after the mailing date of the first Office Action on the merits, whichever occurs first, but before the mailing date of a Final Office Action or Notice of Allowance (37 CFR 1.97(c)).

The filing of this First Supplemental Information Disclosure Statement is not to be interpreted as a representation that the cited publications are material, that an exhaustive search has been conducted, or that no other relevant information exists. Nor shall the citation of any publication herein be construed *per se* as a representation that such publication is prior art. Moreover, the Applicants understand that the Examiner will make an independent evaluation of the cited publications.
